

# Arrow Tape

## How to guide

### Arrow Tape app

Brady's "Arrow Tape" app enables users to design an arrow tape in just 2 screens!

### Download

The "Arrow tape" app can be downloaded from the [Brady App Store](#) in Brady Workstation.

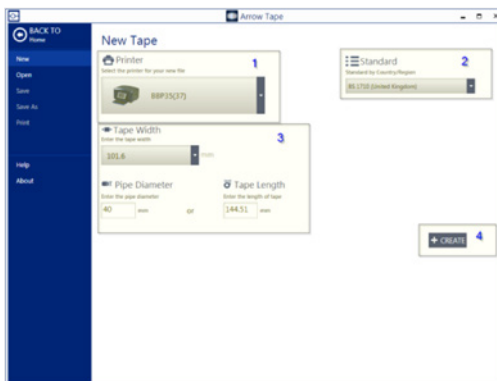

Download and install the Brady Workstation application platform on your computer to browse through the various professional sign & label creation apps in the Brady App Store.

### An Arrow Tape in 2 screens

Open the "Arrow Tape" app in Brady Workstation.

#### Screen A:

1. Select your printer
2. Select your Standard to use
3. Select your tape width and set the pipe diameter or tape length
4. Press "Create"

#### Screen B:

1. Select the arrow or symbol you want
2. Choose the color by setting the arrow/symbol colour and the background or use a category to get the predefined colours for that category
3. You can zoom in and out to validate the result
4. Press Print

### System requirements

1 GHz or faster 32-bit (x86) or 64-bit (x64) processor, 1 GB RAM minimum memory (2GB recommended), Windows 7, 8, or 8.1, disk space of 250 MB minimum plus 15 MB for each installed app.
