

B-7425 laboratory label

Track almost any sample in the lab

www.bradyeurope.com/Lab

The B-7425 laboratory label is an excellent solution to track samples. It is designed to stay attached and remain legible in a wide range of sample collection, sample processing, microbiology and cryogenic applications.

An all-round laboratory label

- stays attached in liquid nitrogen, freezers, hot water baths, autoclaves
- remains legible when exposed to laboratory chemicals including DMSO, Xylene, IPA, ethanol
- ideal to identify vials, tubes, slides, well plates and other specimen containers made out of glass, stainless steel or polypropylene
- can be printed in the lab with Brady's portable printers and a selection of benchtop printing systems
