

AMMONIA (IIAR) PIPE MARKER LABEL KITS

THE SIMPLEST SOLUTION FOR THE MOST DIFFICULT PIPE MARKER

- ▶ Control messaging and inventory by printing ammonia labels how you need, when you want
- ▶ Modular kits let you print and assemble labels to your system's exact specifications according to the ASME (ANSI) A13.1 standard and IIAR guidelines
- ▶ Perfect for indoor ice rinks, food and beverage facilities, cold storage and distribution centers, and anywhere industrial refrigeration is common
- ▶ Easily replenish individual kit components as inventory depletes
- ▶ Safety orange marker body color reflects most recent IIAR Bulletin 114 and ANSI/ASME 13.1 standards; however, yellow marker body color is still acceptable if consistency is maintained

Kit assembly is as easy as 1-2-3

- 1 Add specific text and arrow legends to pipe marker body using Brady Workstation premade templates
- 2 Print using any compatible Brady printer (BBP[®]30, BBP[®]31, BBP[®]33, BBP[®]35, BBP[®]37, i3300, S3000, S3100, i5300)
- 3 Apply physical state and pressure labels

FIND YOUR MATERIAL, COLOR AND SIZE

All-Weather, Permanent-Adhesive Vinyl

- ▶ Durable, low-shrink vinyl label with ultra-aggressive adhesive is ideal for labeling a wide variety of pipes
- ▶ Resists chemicals, greases and oils, salt spray, cleaners and detergents, and general industrial grime

Low-Halide Polyester

- ▶ Designed for marking stainless steel pipes in harsh environments
- ▶ Outdoor-grade, ultra-smooth label material withstands mild chemicals, oil and water
