

 BradyJet™

J7300

Unleash your true colors

Industrial excellence. Innovative ease. Inkjet elevated.

COLOR LABEL PRINTER

Full color. Complete durability. **THE TOTAL PACKAGE**

Make a statement with inkjet made for industrial spaces.

Pivot through a demanding print queue with the BradyJet™ J7300 Color Label Printer. Make an impact with vibrant full color. Print on industrial-strength labels. And say goodbye to time-wasting setup thanks to built-in LabelSense™ print technology. Any color, any information — do exactly what the job demands from the production line to the lab with the J7300.

Set up in seconds

Just drop, lock and go. LabelSense™ technology instantly recognizes and sets up label rolls and inks, and prints on the very first label.

Print any color, job after job

Make labels that are unmistakable. Dual CMY and true black (K) ink cartridges deliver vibrant colors and deeper darks.

Make labels that last

Full color and durability now work together. Instant-drying inks and indoor/outdoor-durable labels resist water, chemicals and abrasions.

Work into your workflows

Label creation software is included. Windows® driver pulls in third-party software and PDFs. Connect it all via USB, Wi-Fi or ethernet.

the overview video.

PRINT READY, SET, GO!

Power it on. Get it done.

With the power of automatic LabelSense™ print technology, the J7300 stands ready to print whatever you need at a moment's notice. And because you only need blank-white label material, you're ready to go from sharp barcodes to color-coded lab labels to vivid full-color photo tags — all with zero to minimal material changes and waste.

KEY FEATURES

20-second loading

- ▶ Drop-lock-print technology
- ▶ Printer instantly recognizes label rolls and ink cartridges
- ▶ Auto setup eliminates manual calibration and threading

Prints on the first label

- ▶ Minimal waste
- ▶ No manual trial and error
- ▶ Streamlined label inventory and changeovers

Any color, any information — fast

- ▶ Colors closely approach or meet ANSI, GHS, BS 5609, ISO and arc flash compliance
- ▶ Vibrant graphics, photos and logos
- ▶ True black ink cartridge for sharp barcodes and clear printed text

Labels that last years

- ▶ Industrial-strength labels last up to 2 years outdoors and even longer indoors
- ▶ Instant-drying ink won't smudge, smear or spot
- ▶ Labels and inks boast water, chemical and abrasion resistance

Seamless create and connect

- ▶ USB, Wi-Fi or ethernet connectivity
- ▶ Brady Workstation premade templates, graphics keyword search and color palettes
- ▶ Optimized Windows driver pulls in PDFs and third-party software

Information at a glance

- ▶ LED lighting communicates real-time printer status
- ▶ Clear cover for print job visibility
- ▶ Print Utility dashboard helps you plan, budget and troubleshoot

Enjoy fast, industrial-grade color and production for variable print jobs.

 **BradyJet™ J7300** Color Label Printer

Power and production FROM ON TO OUTPUT

Do your best work with a printer built to handle a variety of applications, dynamic color needs and changing label data.

Sustainable design

Label cartridges made with recyclable components and minimal plastic.

150-foot roll capacity

Longer material rolls reduce changeovers and keep print jobs printing.

Rugged construction

Solid construction stands up to industrial conditions.

LED lighting

Reactive lighting gives you real-time printer status alerts.

Clear cover

Get a view into what's printing and when.

Tilt LCD touchscreen

Pause and resume jobs and get onboard assistance.

4" output

Print the labels you need up to 4" wide.

A CMY + true black (K)

Dual ink cartridges mix more vibrant colors and deeper darks.

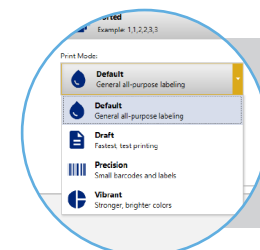

B Auto cutter

Cuts off material after a job, after a label or not at all.

C Connectivity

Connect how you need via USB, Wi-Fi or ethernet.

D Print modes

Four selectable modes adjust ink usage to optimize colors.

E Maintenance

Lifetime maintenance bay eliminates replacements.

BUILT-IN SMARTS

from start to success

Loaded with time-saving, cost-saving software, the J7300 gives you visibility and command of the entire process.

Print Utility Dashboard

Plan, budget and troubleshoot from anywhere.

Remote monitoring

Troubleshoot print jobs and initiate maintenance cycles from anywhere.

Connected solutions

Connect, command and switch between multiple users and printers.

Real-time printer health

Get ink cartridge, label roll and printer alerts.

Job cost calculator

Receive average usage and cost breakdowns by label material and ink.

Exporting

Download and share job history, usage and more.

Brady Workstation Labeling Software

Get everything you need to create the right label fast.

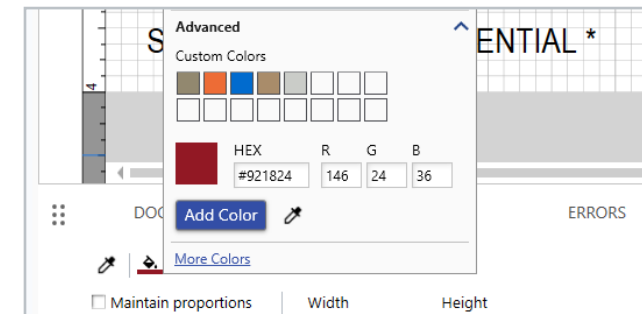

Premade label layouts

Print common labels custom-worded to your needs.

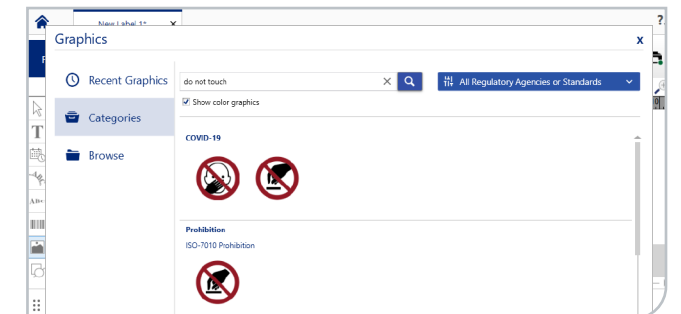

Regulatory labeling

Find best-match color palettes, standard templates, wording and more.

Color capture

Select any color you need and save for future use.

Accessible graphics library

Search and filter by keyword, regulation or agency.

Optimized Windows® Driver

Connect seamlessly to your data without error or delay.

► Coordinated communication

Printer, driver and Print Utility pass information back and forth to ensure continuous printing and real-time updates to ink and material levels.

► 3rd party software compatible

Connect to the labeling software of your choice in addition to included Brady Workstation.

► PDF ready

Easily pull in PDFs for fast printing of custom jobs and one-off requests.

THE J7300 PRINTER

Now with LabelSense™ print technology

The silent partner of the modern printing pro

Let the technology do the work. You take the credit. Maximize performance and drive down costs with the J7300 and LabelSense™ print technology. This advanced built-in system delivers exclusive functionality where the printer “talks” to the high-performance Brady Authenticated materials and inks to power many innovative, enhanced and automatic features you only get from Brady.

Fast setup

No more manual hassles. The J7300 effortlessly identifies and calibrates label materials and inks to set up in seconds. Simply drop, lock and go.

Consistent print accuracy

Enjoy unparalleled accuracy as the printer continuously fine-tunes settings to ensure optimal print quality.

Cost-efficient adjustments

Minimize waste, maximize productivity and print on the very first label with automated adjustments and maintenance to inks and label rolls.

Brilliant colors SMART OPERATION

Get better with BradyJet inks. Designed specifically for the J7300, BradyJet ink cartridges produce vibrant, accurate colors, last long and deliver value in every drop.

► **Separate strengths.
Combined power.**

CMY ink cartridge delivers vibrant, full-color labels that demand attention.

True black ink cartridge delivers a deep black, darker tones, reliable barcode readability and sharp text.

Avoid going dry mid-print

Get a view into ink usage for past jobs via the Print Utility dashboard to plan timely changeovers. Plus, the printer's LED lighting will switch to orange if an ink cartridge is running low.

Integrated inks and printhead ensure minimal mess, cleaning and adjustments.

Smart cell chips enable auto setup and maintenance to prevent clogging.

Formulated for performance and savings

- Patented, enhanced topcoats instantly dry inks to eliminate smudges, smears and spots
- Automatic maintenance cycles ensure printheads don't dry out between uses
- Self-contained cartridges drop into printer with a click
- Specially designed cartridge holds up to 50% more ink for longer use, fewer changeovers and less cartridge waste

Ink Cartridges	
P-CMY-1	J7300 CMY Ink Cartridge (32 mL)
P-K-1	J7300 K Ink Cartridge (37 mL)
P-1CMY2K	J7300 Ink Multipack (2 K, 1 CMY)
P-2CMY1K	J7300 Ink Multipack (1 K, 2 CMY)

Ready for anyone. Design any way.

PRINT ANYTHING

Unleash your true colors with the BradyJet™ J7300 Color Label Printer.

J7300 Printer Kits and Software

Built for industrial demands from the production line to the lab

- ▶ Auto setup, auto calibration and minimal waste
- ▶ Accurate full color for variable print jobs
- ▶ Dual CMY and true black (K) ink cartridges
- ▶ Precise printing on labels up to 4 in. wide
- ▶ Industrial-grade labels and inks

Maximize your J7300 printing experience using Brady Workstation label creation software.

Printer ships with Brady Workstation label creation software, power cord, USB cable, AC adapter, CMY and K ink cartridges with built-in printheads, USB flash drive with drivers and manuals, and J-align media starter roll.

BradyGrip® Print-on Hook Labels featuring VELCRO® Brand Hook (B-2414)

- Organize and identify wires and cables using color with this easily repositionable print-and-place material
- Ideal for wire and cable labeling

Catalog #	Width Inch (mm)	Height Feet (m)	Labels Per Roll
JC-1000-2414	1 in. (25.40 mm)	75 ft. (22.86 m)	Continuous

UL Approved Polyester Labels (B-2475)

- UL safety verification, extra-durable and resistant to abrasions, chemicals, oils and solvents
- Ideal for instructional signage and diagrams, UL product/component ID, work in process, electrical panels, asset labeling, and bin/general labeling

Catalog #	Width Inch (mm)	Height Inch (mm)	Labels Per Roll
J-136-2475	1.50 in. (38.10 mm)	0.75 in. (19.05 mm)	1000
J-137-2475	2 in. (50.80 mm)	1 in. (25.40 mm)	1000
