

Turn busy work into smarter work

With the BradyPrinter S3000 Sign and Label Printer

The BradyPrinter S3000 Sign and Label Printer delivers state-of-the-art printing capabilities to help you get more done and save you time. Incredibly versatile, smart, conveniently compact and efficient, this printer takes the guess work out and creates the labels you want when you need them.

▶ With the BradyPrinter S3000 you get:

- **Fast printing with print smart technology:** Setup time is lightning fast with materials, printer and software working together to get things done. Experience fast single-color print speeds, auto calibration, drop-in fool-proof loading and sensors that detect the label in use.
- **Advanced user-friendly features that boost productivity:** Performance takes a front seat with the large new sensitive touchscreen that makes it easier to read and navigate screen selections. And, smart-cell technology works intelligently with Brady consumables and software for auto label setup and calibration for better printing with less waste.
- **Flexible on-demand printing options for efficient printing:** Versatility meets your labeling needs with continuous tape and die-cut label capabilities, 20-second media changeover time, and impressive labeling options with an expanded selection of more than 330 parts and 26 materials, including ToughStripe® floor tape, and even a robust auto-cutter.
- **More time for more important work with print queue functionality:** Move through all of your printing jobs fast by starting the next batch while the first batch is printing.
