BRADY PA1100 ID CARD PRINTER

WORLD CLASS PRINTING & VISUAL IDENTITY SOLUTIONS

Brady PA Series ID Card Printers provide high-quality, high-performance identity solutions backed by unmatched reliability and security.

- ▶ Visual confirmation to verify genuine company identity and keep employees and visitors safe
- ▶ Personalized ID cards for access control — or time and attendance
- ▶ High-quality card printing to create unique IDs with barcode, QR code and magnetic stripe encoding
- ▶ Latest technology for access control, transit and library services
- ▶ Customer promotion with loyalty cards, product labeling, membership and events

HOLOKOTE®

- ▶ We're all about security. That's why the secure HoloKote® watermark is applied to each card during the printing process.

THREAT BENCHMARKING

- ▶ The PA1100 series printer range incorporates Threat Benchmarking, where security scans are run against the National Vulnerabilities Database and regular updates are pushed to the device, ensuring that the printer software and associated system configuration conform to the highest levels of security.

DIGITAL SHREDDING

- ▶ Our printers offer additional security in the form of Digital Shredding™ — once data has been used for the print job, it is fragmented, rendering it irrecoverable and helping to ensure the PA1100 series printers are not a repository for data.

PA1100

- ▶ Single Sided ID Card Printer
- ▶ Single Sided ID Card Printer Kit (PA1111 / PA100YMCKO / E9100 / C60-VINYLB)
- ▶ 100 Shot Color Film Dye
- ▶ E9100 Cleaning Kit
- ▶ Standard Cards
