

EXCAVATION TAG

The new Excavation Tag enables you to increase compliance and workplace safety by communicating vital information at an excavation entrance where it can be seen by all workers.

- Comply with EU Directive 92/57/EEC by offering inspectors an easy way to add inspection dates with signature, and by offering a visible space to communicate vital information
- Increase workplace safety by sharing vital information at excavation entrances with every worker
- Stay compliant in any weather: if applied correctly, the durable tag will stay attached and remain legible in outdoor conditions if written on with a permanent marker.
