

# Inspect fire doors quickly and efficiently

## SafeTrak Fire Door Inspection Management module

Efficiently plan and manage fire door inspections with our SafeTrak Fire Door Inspection Management module and stay compliant with regulations.

### Stay compliant:

plan fire door inspections with 3-month or custom intervals, use a step-by-step fire door inspection template in the field that supports compliance with the Regulatory Reform (Fire Safety) Order.

### Inspect efficiently:

scan your asset label on the correct fire door to activate the planned fire door inspection on a smartphone or tablet in the field.

### Report automatically:

automatically share a customisable report on inspection completion.
