

Brady Express Labels App and LinkWare™ Live Instruction Guide

Apple/Android for M511, M610 and M611 Printers

Download the Express Labels App from your dedicated app store

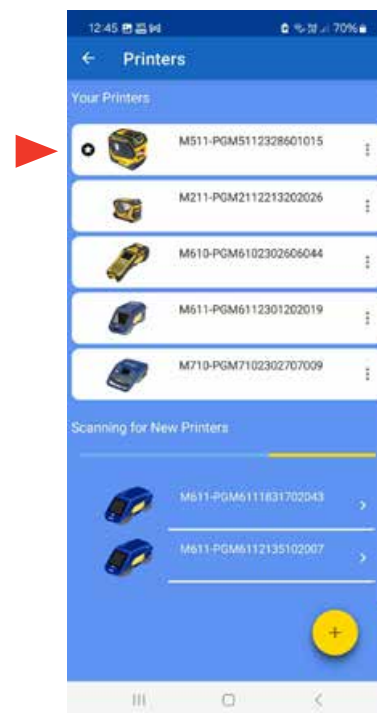

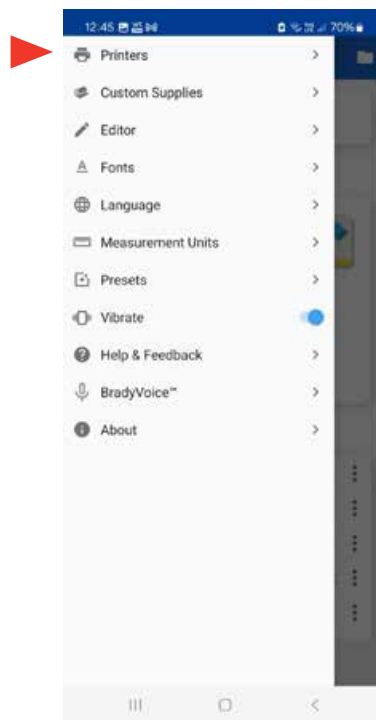

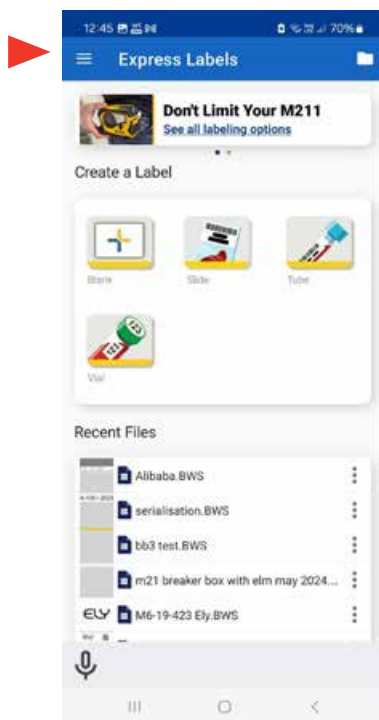

Brady Express Labels

Getting started is easy! Simply download the FREE Brady Express Labels app to your phone (iOS 15.0 or newer), iPad (iPadOS 15.0 or newer) or Android (10.0 or newer). Then launch the app to connect to your printer via Bluetooth or Wi-Fi and start labelling!

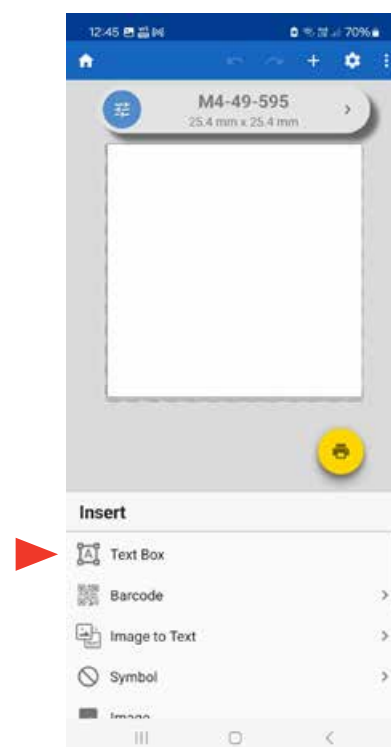

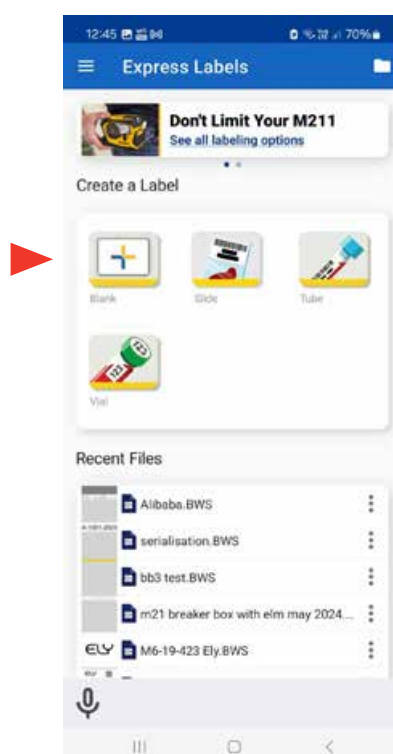

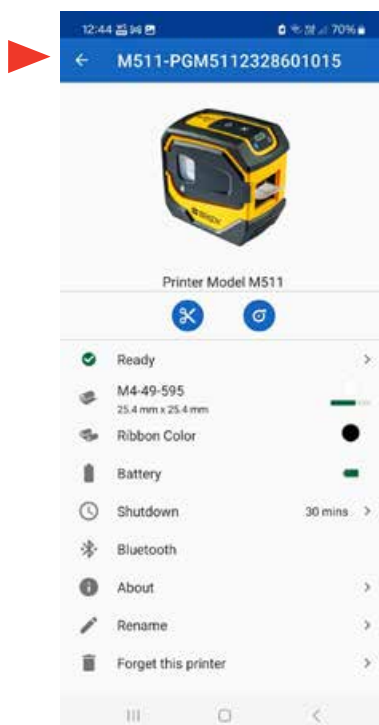

Connect to printer and create blank label

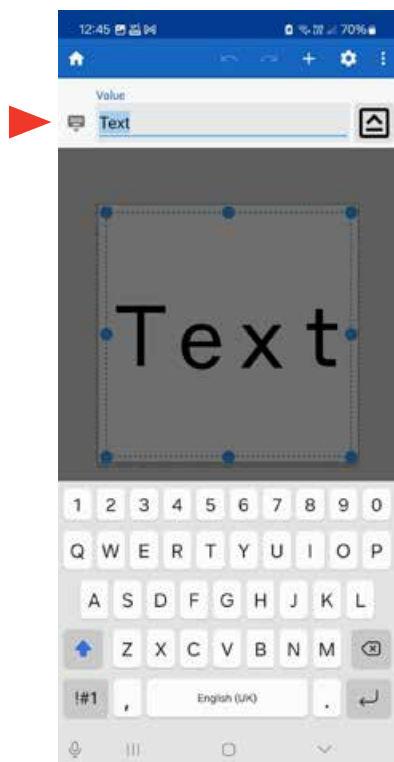

1. Open the app on your phone or tablet
2. Select a printer to connect to via Bluetooth

3. Go back to the home screen

6. Select the input type

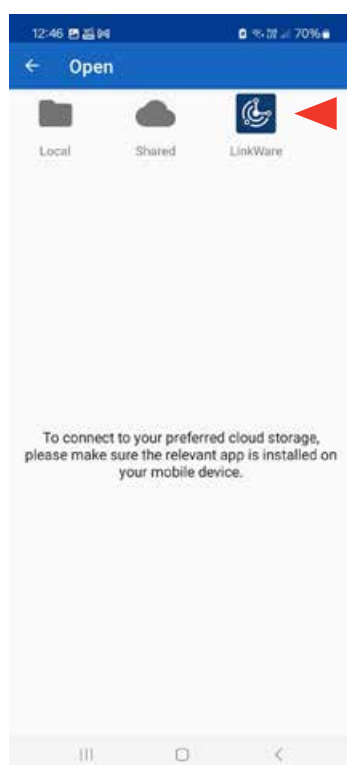

7. Choose the spreadsheet symbol

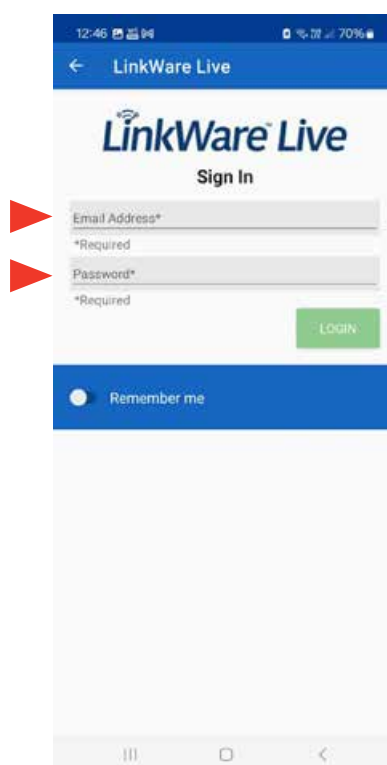

Connect to LinkWare and import data

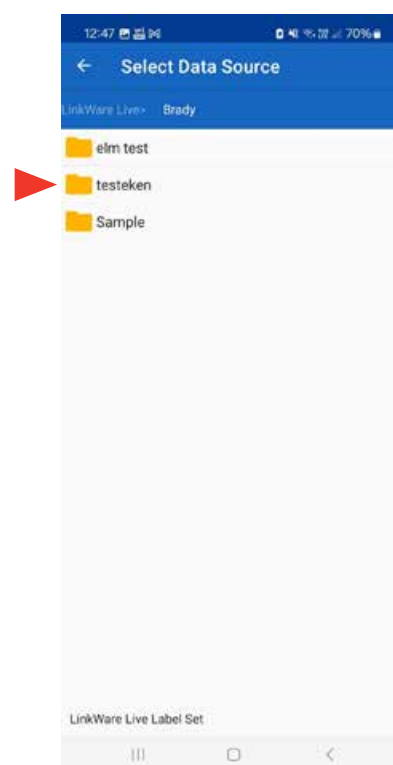

1. Click the LinkWare icon

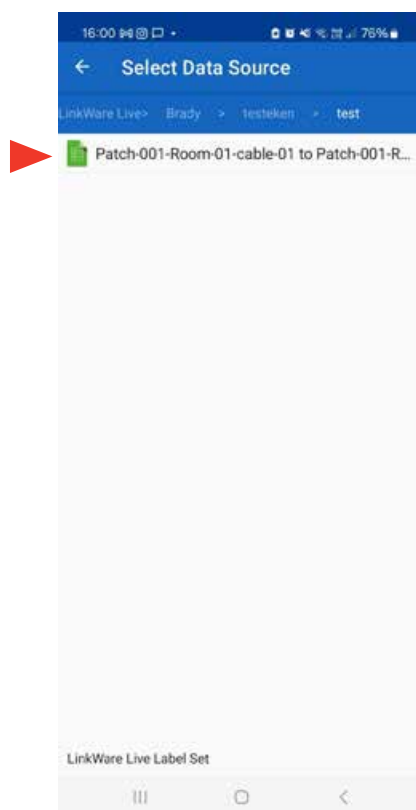

2. Sign in and click login

3. Select the data source folder

4. Select the data source file

5. Load the data onto the label

6. Optimise the label layout, font size, offset etc

Print and apply labels
