HOARDING TAG

The new Hoarding Tag enables companies to increase compliance and workplace safety by communicating vital information on the hoarding itself where it can be seen by all workers.

- Comply with EU Directive 92/57/EEC by offering inspectors an easy way to add inspection dates with signature, and by offering a visible space to communicate vital information

- Increase workplace safety by sharing vital information on the hoarding itself with every worker

- Stay compliant in any weather: if applied correctly, the durable tag will stay attached and remain legible in outdoor conditions if written on with a permanent marker

- When equipment is not fit for use, inspectors can remove the insert, leaving a clear "Do Not Use" message on the holder.

Article No.	Order Reference	Description	Height (mm)	Width (mm)	Quantity
