* BBP33 Label Printer ships with printer, power cord, USB cable, drivers CD, stylus, cleaning kit, cutter cleaning tool and quick start guide.

BBP[®]33 Software Solutions:

Brady Workstation Apps

Brady has revolutionized its label creation software by now offering apps specific to your projects. Once the free Brady Workstation is installed on your PC, you can then download a variety of free or paid labeling apps including Custom Label Designer, Express Signs, Pipe Markers, Lockout Writer and GHS. View page 404 for more information or download at workstation.bradyid.com

MarkWare[™] Facility Identification Software

CD-based software option for creating custom safety signs & labels including pipe markers, ANSI signs, lockout tags, GHS labels, RTK chemical labels, lean 5S visuals and custom labels with barcodes and graphics. Built-in graphics and 2,000 chemical database for RTK. Pre-formatted GHS label templates. View page 405 for more information.

LabelMark[™] Labeling Software

Robust software solution for label design, data importing, editing and printing. Written specifically for wire and datacomm ID, ADM labeling and general industrial applications. View page 408 for more information.

CodeSoft[™] Label Design Software

This powerful enterprise level label creation software features more extensive capabilities for integration with 3rd party software applications. View page 409 for more information.
