

# Brady SPC Specialty Spill Kits

For quick response on hard-to-treat spills, Brady SPC's Specialty Spill Kits provide the unique absorbent, disposal and PPE products you need. These kits are specially designed for those common, difficult to clean spills: formaldehyde, bodily fluids, mercury and battery acid spills.

Each kit includes a re-usable, 6.5-gallon screw-top bucket that meets Department of Transportation (DOT) requirements, with customized contents to suit your needs:

## Formaldehyde

- Absorbent pads, granular, acid neutralizer, scoop and scraper, gloves, goggles, respirator and disposal bags

## Bodily Fluid

- Absorbent pads, granular, scoop and scraper, gloves, goggles, apron, disposal bags and sanitary wipes

## Battery Acid

- Absorbent pads and socks, granular, acid neutralizer, scoop and scraper, gloves, goggles, apron, face shield, disposal bags

## Mercury

- Absorbent pads, mercury powder, scoop and scraper, gloves, goggles, disposal bags
