BRADY Pipe Marking

Brady Snap-on
An excellent way of marking wet, oily, or rusty pipes.
Stick the self-adhesive marker to the transparent PVC "snap-on" cover, then open it out and "snap" it around the pipe.
Also ideal for pipes which are frequently changing ID.
3 sizes available

Maxi markers
Ideal for pipes over 350 mm in diameter
Made from laminated polyester (B-7541)
Supplied roll mounted
15 m rolls = 55 markers / 30 m rolls = 120 markers
Keep winding around the pipe until it is identified all the way around.
Available in a linerless format in laminated polyester (B-7520)

BRADY®

Electrical Risk

Devices for Plug Connections
Prevent electrical plug from being connected
