

Safety Sign “Sliders”

Interchangeable
signs clearly
communicate
important safety
messages.

Brady's new **Safety Sign Sliders** are visual communication platforms for your facility that will communicate your most important safety and awareness messages to facility visitors and employees.

You ensure that you are displaying the most relevant information for your facility or area so that anyone entering that area is aware of how to keep themselves and others safe. This new system utilises an interchangeable insert feature (signs slide in/out) so you can customise your messages specific to the area, and can make changes as needed quickly and cost-effectively.

Pre-printed inserts are available, standard or custom. You can also use blank boards and print yourself the sign and messaging.

Features and Benefits

■ Brady's new Safety Sign Sliders are available in multiple formats

- Wall / Door hanging
- Blank boards available to be printed with a Brady Sign and Label printer
- 3 size variations to accommodate the space you have
 - 450 mm x 850 mm : 4 landscape boards
 - 420 mm x 825 mm : 4 portrait boards, format A4 (210 x 297 mm)
 - 296 mm x 650 mm : 4 portrait boards, format A5 (148 x 210 mm)

■ Interchangeable messaging

- Keep your employees and visitors safe by providing the most current and necessary messages for necessary PPE, caution and warning signage.

■ Customise your facility!

- Over 100 stock messages are available but if you don't see the exact message you want for your facility, customise it! We can accommodate your requests for custom messaging, artwork, and any language versions.
