

# ToughWash™ Series

## Harsh Washdown Labels

[www.bradyeurope.com/food](http://www.bradyeurope.com/food)

Labels and signs that resist the temperatures, pressure, and chemicals of washdown cycles

ToughWash™ Washdown Resistant Labels can handle the pressures of high heat, harsh chemicals, high pressure sprays and multiple washdown cycles found in food and beverage processors.

Developed and tested by Brady material scientists using real washdown processes, these labels combine superior print durability with long lasting label construction that won't fall apart or fall off.

### B-854 ToughWash™ Series Metal Detectable Labels

Brady B-854 Toughwash Metal Detectable Label is a durable, print on demand pressure sensitive adhesive product for the Food and Beverage Processing Industry, capable of being detected by commercially available metal detectors. Durable label construction is tough against harsh washdown environments and has been tested at washdown temperatures up to 175° F (80° C) and pressures up to 1500 PSI.

Order Ref.		Width (mm)	Length (m)	Recommended Ribbon
