

Brady Workstation Scan and Print Software Suite

Save time and money by maximizing label printing output, reducing mistakes and streamlining production workflows with the Brady Workstation Scan and Print Suite.

This suite allows you to consume data from a barcode scanner, keyboard or custom script to quickly populate your own custom label templates as part of a labeling workflow. Whether you need to replicate labels for lab specimens, re-label supplied parts for product assembly or label products based off work orders, this software suite can solve your workflow needs. Be sure to pair the Scan and Print software with a barcode scanning device and Brady printer for the complete solution.

▶ Improve Workflows With:

- **Scan Mode.** Scan existing barcodes to capture data and transfer onto a new label template.
- **CSV Mode.** Scan the name of a CSV file to print a specified batch of labels.
- **Custom Script Mode.** Perform advanced label operations such as parse scanned data or serialize labels.
- **Easily Set Print Quantities.** Set your print quantity using the keyboard or your scanning device.
- **Scalable Workflows.** Expand workflows to additional workstations on large projects using the Export and Import feature.
- **Bi-Directional Printer Communication.** Reduce material waste by knowing the material loaded into a printer.

▶ Ideal For Use In These Settings and More:

- **Laboratory Settings.** Replicate labels during sample testing.
- **Manufacturing Facilities.** Print multiple labels for product assembly, package contents and work orders.
- **Bio-Banks.** Replicate labels for aliquots.
- **Healthcare Facilities.** Replicate patient labels for use on multiple samples and paperwork.
- **Pharmaceutical Companies.** Print batch labels for clinical trial kits.

Various Product Offerings

	<p>Stationary Kit: A stationary labeling solution to handle large labeling volumes.</p> <p>Scan and Print software, BBP®33 benchtop printer and CR2600 wireless scanner. Catalog # BWS-SPS-BBP33</p>
	<p>Portable Kit: A portable labeling solution for those often on the move or work in small spaces.</p> <p>Scan and Print software, BMP®61 portable printer and CR2600 wireless scanner. Catalog # BWS-SPS-BMP61</p>
	<p>Entry Level Kit: A low-cost stationary labeling solution.</p> <p>Scan and Print software, BBP®12 benchtop printer and CR1400 corded scanner. Catalog # BWS-SPS-BBP12</p>
	<p>Software-Only: Scan and Print software for customers who already have a printer and barcode scanner.</p> <p>Scan and Print Software Suite Catalog # BWS-SPS-CD</p>
<p>Mix & Match</p>	
<p>Combine Scan and Print software with any of Brady's printers and barcode scanners for a custom solution to meet your needs.</p>
