## Brady Workstation

### A Desktop App Solution for Labeling & Safety Identification

Brady has revolutionized the way you create labels on your PC with the new Brady Workstation and its apps that are specific to the projects you want to execute. It's built to be simple – just pick the apps you need and get the job done fast.

After downloading the Brady Workstation to your PC, you fill your workstation with a variety of Brady labeling apps such as the Express Signs app, Pipe Marker app, Custom Designer app, Lockout Writer app, GHS Labels app and more. These apps feature built in regulations and standards to help you create signs and labels to keep your facility compliant and safe.

In addition, building your own signs, pipe markers, lockout procedures and labels with ease gives you time to spare for your other projects.
